Dear Michael,

Many thanks for all your wonderful work on the 'No Dead Air' workshop sessions. It was a great activity that hopefully will inspire some of the participants to consider how they can expand on some of the skills they had a chance to try out and /or saw demonstrated.

I was amazed what can be done with the ipad and it opens up so many possibilities for all sorts of remote reporting and independent segments to be created for broadcasting on 3mFM. It also can give youth a voice in multiple forums and making the equipment available through the library means it is a low cost option for them to engage with others, promote what they, and organisations they belong to, are doing or build their own skill base.

We hope to have the opportunity to work with you again to expand on this initial workshop and really appreciated your enthusiasm for this project.

Yours sincerely

A handwritten signature in black ink that reads 'Amanda Robbins'.
